*Day at the Capitol*  
Wednesday, January 25  
9:00am - 3:00pm  
Arizona State Capitol

With the Arizona Legislature likely to consider at least one bill focusing on disability rights and the possibility that other disability related legislation will be heard, it is more important than ever that you get involved.

Join the Arizona Disability Coalition, (ADC), for our Day at the Capitol. This event provides you with an opportunity to learn first-hand about the legislative process. The day will include appointments with House and Senate representatives, hearings on legislation, and mentoring from seasoned advocates.
